OFFICE OF THE ADAMS'S EXPRESS COMPANY, No. 30 Broadway.  
To the Public.—The mail from San Francisco having so-  
nounced that ADAMS & CO., of California, had suspended  
payment, it is due to the public and to the Company to state  
that their suspension has nothing to do with the interests or the  
business of the ADAMS'S EXPRESS COMPANY here.

The operations of the California house are distinct and  
similar to all of the Adams's Express Company is con-  
cerned. We do a legitimate Express business throughout  
the Atlantic States, and Adams & Co. are Bankers and Bill-  
Drawers on San Francisco.

The business of the Adams's Express Company will be con-  
tinued heretofore, without any interruption or delay. The  
Company owes no one, and, of course, can not suspend  
their responsibilities to the public, as forwarders, are not in any wise  
diminished, and their ability to comply with all their engage-  
ments is unquestionable as ever.

The New-York Police, MASS MEETING AT THE  
THEATRE, March 18, 1855.—The meeting was  
called to order by the President of the City, and all others who foot it into  
the preservation of the Police System of this city from the  
dangerous legislation at Albany with which it is threatened  
to meet at the Broadway Tabernacle, on TUESDAY, March 20,  
at 7 o'clock, to concert such  
measures as may be proper to prevent it. The object of the  
Bill now before the Legislature, is to revolutionize the whole  
Police System by legislation, and to give it office, as well as  
the other Municipalities under whose jurisdiction the Department  
now stands. The Mayor, Recorder, and City Judge, and  
administering in their place our private persons, with large salaries  
to be voted for at the General Elections, whereby the  
power over the whole Police force is given up, and the  
expenses of the protection of our persons from insult and  
injury and their property from depredation, will be thrown  
into the hands of packed primary meetings and corrupt political  
Committees. One great object will be made of the  
abolition of the police, and the other will be to sub-  
due the power of the police, by which he will be stripped of all actual power  
over the Police, which he is now applying so efficiently to en-  
force the laws.
